

Hardy's H3 Away Event 2011

It is planned to make this our major 'Away Event' in 2011.

Full details can be seen at www.eurohash2011.com/ and it looks like good fun - especially the tour of Amsterdam on pedal boats with a 'Beer Sloop' in attendance - see below!

The current cost is 225 Euro per person but will soon go up to 275 Euro.

Canal Hash
Pre-lube
EuroHash 2011
The Netherlands

Just before The Netherlands is invaded by hashers from all over the world for EuroHash 2011, Amsterdam H3 will organize its famous canal hash again as a pre-lube to this dreadful biannual event. Cycling on water bikes through the grotesque canals of Amsterdam, assisted by our own beer sloop "On On". Having fun with all your hash friends and seeing the city from a different perspective - even when you are not drunk. We have screwed it up as a pre-lube for the InterHash 2004, and we will even do a worse job this time. Don't miss out on-on it!!!

Depending on interest maybe this trip could be extended to a week taking in hiring bikes to cycle the area, take a minibus to get us there and sightsee, spend time in Amsterdam - there's plenty of cultural things to see and do there! - or anything else you can suggest.

Please tell the RA or Organgrinder if interested.
